Dr. Jianbing Li is a professor and professional engineer in the School of Engineering at the University of Northern British Columbia (UNBC). He has research interests in environmental engineering, petroleum waste management, wastewater treatment, oil spill response, environmental modeling and decision analysis, and environmental risk assessment. He has produced more than 240 publications in international journals and conferences, including over 180 refereed journal papers, with an h-index of 44 (Google Scholar). His research has been supported by various organizations, including Natural Sciences and Engineering Research Council of Canada (NSERC) and Fisheries and Oceans Canada (DFO). He obtained the 2013 Northern BC Business and Technology Award, the 2010, 2014 and 2019 UNBC Research Excellence Award, and the 2013 UNBC Achievement Award in Professional Practice and Mentorship. He is an Editorial Board member of four international journals, including the Journal of Hazardous Materials, and Journal of Hazardous Materials Letters. He is also an Associate Editor of two international journals, including Journal of Environmental Informatics Letters and Carbon Neutralization (Wiley), and served as a guest editor for Bioresource Technology and Frontiers in Environmental Science. He has served as an external referee for numerous PhD and MSc thesis defences at many Canadian universities. He served as a member of NSERC's Research Tool and Instruments Selection Committee for Civil, Industrial and Systems Engineering for many years, and was appointed as the Committee Chair for the 2021 competition. He has been a member of the Board of Examiners with Engineers & Geoscientists BC (EGBC) since 2017. He has participated in numerous international conferences in his field by serving as an organizing committee member or co-chair, session chair or co-chair, and program or scientific committee member. He has also served as the co-director of the UNBC/UBC environmental engineering program for 4 years (2013-2017), and the Acting Chair of the UNBC School of Engineering in July-August 2021. He is the inaugural Chair of the Northern British Columbia Section of Canadian Society for Civil Engineering (CSCE). He is a CSCE Fellow.
