

Huang, Jinhui

Prof. Jinhui (Jeanne) Huang, is a professor at Nankai University. She is also the General Director, Sino-Canada Joint R&D Center on Water and Environmental Safety, an international research institute at Nankai University. She is the Chair, International Affairs Committee, Canadian Society for Civil Engineering and Member of Working Group on Water, World Federation of Engineering Organizations.

Her research includes hydroinformatics, Urban Hydrology, Eco-Hydrology, Ecosystem Restoration and Environmental Remote Sensing etc. Prof. Huang works in integrated water resources management and environmental monitoring for many years and has accomplished projects in Arabian South, US, She has rich experiences in engineering consulting and research. She was elected as member of the world leadership Team, Hydroinformatics of IHAR/IWA in 2012 and was elected as Fellow of Canadian Society for Civil Engineering in 2015. She has published more than 100 papers on top journals including Water Research, Environmental Science and Technology, Agricultural and Forest Meteorology, Advances in Water Resources, Journal of Hydrology, ISPRS Journal of Photogrammetry and Remote Sensing, etc.
